Learning Contract for a Topical/Directed Study {00}

Guidelines

The Learning Contract is an agreement between a professor and a student to complete a program of study within a specified time frame. The student is responsible for all follow-up in the course.

Note: -> Contracts may not be made for work already completed.
     -> Students on Academic Probation may not make a Contract.
     -> There is a limit of one Contract per semester.

Deadline and Tuition:

   CONTRACT PROPOSALS MUST BE SUBMITTED FOR APPROVAL TO THE REGISTRAR’S OFFICE NO LATER THAN THE LAST DAY OF THE ADD/DROP PERIOD. The student will not be registered for the course until the completed contract has been received.

   A contract may be included in the flat rate tuition charge, providing it has been submitted for approval by the deadline. Proposals presented at any other time during the academic year will be charged separately at the rate for credits taken above 18.

   It is the student’s responsibility to submit the contract proposal.

Completing the Contract:

1. A student must prepare a proposal for study in conjunction with the supervising professor. Meet with the faculty mentor in the appropriate department to discuss a program of study.

2. Complete all parts of the Contract

   A. Purpose(s): State your learning goals, amount, level, and type of learning.

   B. Activities: Describe the reading resources, methods of inquiry to be mastered, concepts and histories to be learned. The relationship between your learning activities and learning goals should be clear.

   C. Methods and Criteria of Evaluation:

      List the specific reports, exams or projects from which you and your mentor will determine the degree to which you have achieved the purposes of your study. This evaluation will serve as the basis for grading.

   D. Schedule: List at least two {2} dates and times per credit hour for meetings with your mentor to discuss and assess your progress.

3. After the Dean of the College approves the proposal, the student will be registered for the course.

4. The student is responsible for all follow-up in the course.
