Dr. A.B. Simpson
Nyack College Founder & 1st President

It requires only three things to help transform our world:
FAITH, VISION, and COMMITMENT.

For 125 years, since Dr. A.B. Simpson founded what was then known as the Missionary Training Institute, tens of thousands of men and women have received training for life and ministry through the institutions we call NYACK. For many of these faithful servants called to impact our world for Christ, their training was only possible through the investments of others—people of faith, vision, and commitment to help fulfill the Great Commission through the lives of other believers seeking higher Christian education.

Dear Friend,
The challenges of this 21st Century are significant. So the role of institutions like Nyack and ATS is to help students achieve their full potential for service in creative and innovative ways. Fulfilling that role, however, requires a growing source of funding to finance such innovative-and to make it as broadly accessible as many students as possible.

As a member of the President’s Council you would become part of a unique support system for those attending Nyack College and Alliance Theological Seminary—ensuring that as many deserving students as possible receive the very best training and preparation we can provide for life and ministry. You would be part of the foundation upon which rests the future of thousands of students who will matriculate here in the decades ahead.

Please take this opportunity to join as a Charter Member of Nyack’s President’s Council and invest in students who are changing our world—today and in the decades to come. Thanks for your partnership!

Michael G. Scales
President
