Every person who invests in our students at Nyack College and Alliance Theological Seminary is important to us. I believe that we have a unique ministry because we are educating an emerging demographic. Our students come from the suburbs and the inner city. They are sons and daughters; mothers and fathers; and they all make sacrifices to receive a Christ-centered education. All so they can take Christ’s love and their knowledge to the entire world.

We need people like you, who see the profound implications of a Christian university in and around New York City, the virtual capital of the world, to join us in preparing our students. You can help us educate and train generations of Kingdom builders. You can be a part of one of the greatest ministry opportunities in the world.

Nyack’s President’s Council members are key stakeholders. As a “support team” for deserving students, as well as the institution and its mission, the President’s Council plays a vital role in making the very best in training and preparation possible for worthy students at all of Nyack’s institutions.

This may include:
• Need-Based Scholarship Funds
• Academic Grants-In-Aid
• Development and Integration of New Academic Programs
• Advances in Technology and Campus Improvements
• Support for Innovations in Ministry and Outreach

Your membership not only provides financial support for these worthy endeavors, and the satisfaction that comes with making a strategic and life-changing investment, but also provides you with special benefits.
